Orders with regard to the History of Services.

No. 82 (Public—Records), dated India Office, London, the 12th November 1885.

From-Her Majesty's Secretary of State for India,

To—His Excellency the Right Honourable the Governor-General of India in Council.

It having been decided to publish in this country an "India Office List" each year, similar in general principles to the Colonial and Foreign Office Lists, it is desirable that the necessary information should reach this office from each of the Presidencies and Administrations at regular intervals. At present the "Histories of Services of Gazetted Officers," from which the "India Office List" will be compiled, are brought up to date at different periods for the several Local Governments, and these are sometimes not sent home till long after the periods to which they refer. The dates to which the latest issues are corrected and of their receipt here are shown below:—

Bengal, 31st May 1884.

North-Western Provinces and Oudh, 31st January 1884.

Punjab, 1st January 1884.

British Burma, 1st January 1884.

Assam, 1st April 1884.

Central Provinces, 31st March 1884.

Hyderabad, 31st December 1884.

(With Supplements bringing services of some officers up to December 1884.)

- 2. I request that orders may be issued for the correction of these works up to the 1st July for the whole of India, and that copies may be sent home so as to reach this office not later than the 1st of November in each year.
- 3. The proposed publication will include a record of the services of all Covenanted Civil Servants in India; of all Uncovenanted and Military Officers in civil employ in India drawing not less than Rs. 1,000 a month civil pay, exclusive of all allowances; of officers of the superior grades on the Home establishment of the Secretary of State for India and of certain retired officers. Civil and Military.
- 4. Besides the information contained in the "Histories of Services" published in India, it is intended to give particulars of any literary work of a public or official character undertaken by an officer and I shall be glad if Your Excellency will take such steps as may seem necessary to obtain the required information on this point.

- 5. The Histories of Services of Gazetted Officers are not at present received from all the branches of Government services in India, those noted below not having been sent home. It is desirable that these should be regularly supplied in order that the "India Office List" may contain a complete record for all Departments.
 - 1. Telegraph Department.
 - 2. Public Works Department, Punjab.

No. 1/26, dated Calcutta, the 28th January 1886.

From—F. C. DAUKES, Esq., I.c.s., Under Secretary to the Government of India, Home Department (Establishments),

To-The Secretary to the Government of North-Western Provinces and Oudh.

With reference to the accompanying copy of a Despatch (No. 82 Public Records, dated 12th November 1885) from Her Majesty's Secretary of State on the subject of the annual publication of an "India Office List" which is to be compiled from the "Histories of Services of Gazetted Officers" published in India, I am directed to request that the orders contained in paragraphs 2 and 4 may be carefully noted and complied with. With regard to the paragraph last mentioned, I am to say that it would be convenient if the required information concerning literary works of a public or official character were in future embodied in the volume of the "Histories of Services of Gazetted Officers" published under the orders of the Government of the North-Western Provinces and Oudh.

I am accordingly to request that the next issue of the volume may contain full information on this point, and that such information may be kept up to date in future issues.

No. 30, dated Simla, the 19th June 1886.

From—The Government of India, Home Department (Public), To—Her Majesty's Secretary of State for India.

With reference to Lord Randolph Churchill's Despatch No. 82 (Public—Records), dated the 12th November 1885, on the subject of

annual publication in England of an "India Office List," similar in general principles to the Colonial and Foreign Office Lists, we have the honour to transmit, for Your Lordship's information, a copy of the instructions which we have issued to Local Governments and Administrations in the Bengal Presidency, and to the several Departments of the Government of India, to ensure the correct preparation and punctual transmission to the India Office of the "Histories of Services of Gazetted Officers" published in this country, from which it is proposed that the "India Office List" should be compiled.

2. In the 4th paragraph of the Despatch cited above, Lord Randolph Churchill intimated that, in addition to the information contained in the Histories of Services published in India, it was intended to give particulars in the "India Office List," of any literary work of a public or official character undertaken by any officer; and His Lordship desired that steps might be taken to obtain the required information on this point. In regard to this matter, enquiries have been made by some officers as to the meaning to be attached to the phrase work of a public or official character," and to these enquiries we do not feel in a position to give a definite answer. It is doubtful, for instance, whether the term "literary work" should be held to include papers written by Government officers on such subjects as tobacco. vanilla, lac and other economic products, or such publications as the Codes of the Financial and Account Departments, or whether it should be restricted to works of a more original character, such as "Hunter's Imperial Gazetteer of India" and the Manuals ("Manual of the land Revenue System and Land Tenures of British India" and "Manual of Jurisprudence for Forest Officers") published by Mr. Baden-Powell. It has also been questioned whether the term is intended to cover "papers" and similar documents written for various associations and scientific societies, or translations as opposed to original works. As doubts have been raised on the point and as it is desirable that the practice should be the same in the case of the India List as in that of the proposed "India Office List," we shall be glad if Your Lordship will supply us with further information as to the nature, etc., of the works, particulars regarding which should be incorporated in the list in question.

No. 67 (Public—Records), dated India Office, London, the 26th August 1886.

From-Her Majesty's Secretary of State for India,

To—His Excellency the Right Honourable the Governor-General of India in Council.

I have received Your Excellency's letter, Home Department, Public, No. 36 of the 19th June last, in which you ask for some further definition of the literary works "of a public official character" which it is desired to insert in the new "India Office List" against the names of their respective authors. It is most undesirable to increase unnecessarily the bulk of the book, and it would be out of the question to include all departmental or official reports drawn up by officers. The mention of these should be limited to reports of special importance which have been deemed of sufficient interest for general publication. Other works should, generally speaking, be limited to original publications.

Extract from the Proceedings of the Government of India in the Home Department (Establishment),—under date Simia, No. 1 Establishments 376—392, dated the 23rd June 1890.

RESOLUTION.

In June 1889 the Comptroller-General, with a view to saving the duplication of work which results from the maintenance of the Service Registers in Account Offices as well as the History of Services of Gazetted Officers, recommended that the Service Registers should be abolished and that the Histories of Services, prepared on a uniform plan and in a condensed tabular form, should take the place of the Service Registers. He also proposed that these Histories should be invariably prepared in the Account Office. Local Governments and Administrations were asked for their opinions on these proposals, and to advise whether there was any advantage in retaining entries regarding privilege leave and temporary acting promotions.

- 2. The replies of Local Governments and Administrations read in the preamble show a general concensus of opinion that the History of Services should in future be prepared in the Account Office and in tabular form. The Governor-General in Council accepts this view, and directs that the Histories be in future prepared in the form appended to this Resolution.
- 3. The general opinion is that only privilege leave taken since an officer last returned from furleugh need be shown in the Histories. This view has the concurrence of the Government of India.
- 4. Though there is some difference of opinion with regard to the entry of acting appointments, the view most generally accepted is that an acting promotion which involves a change of duties should be shown but that grade promotions should be omitted. This view appears to the Governor-General in Council to be reasonable, but, inasmuch as the Histories include a notice of the services of all Gazetted Officers in Civil Departments, it cannot be brought into practice without some

- modification. While, therefore, the appointment of an Assistant Magistrate and Collector, or of an Assistant Engineer, 2nd grade, to officiate as Foint Magistrate and Collector, or an Assistant Engineer, 1st grade, respectively, should not be entered, it will be desirable, in the case of members of services which like the Financial and Educational Departments, consist mainly of grades, the duties of which are not separate and distinct, to enter all acting promotions.
- 5. Particulars of literary works should be entered in notes at foot of the tabular statements. This information will have to be specially supplied to the Account Offices by officers who have produced literary works, and a note requesting them to communicate such intelligence to the Account Office should be prefixed to each History. The Government of the Punjab is of opinion that the numbers and dates of any official letters in which officers have received the special thanks of Government or the Secretary of State should be added as footnotes and that the tabular statement should show in italics appointments to and promotions in Orders, such as C.S.I., C.I.E., and C.M.G. Governor-General in Council fears that it would be very difficult to distinguish between ordinary and special commendations, and considers that it would be preferable to omit mention of them altogether, lest the bulk of the Histories should be unnecessarily increased. Information in regard to the different Orders should, as suggested by the Puniab Government, be given in italics.
- 6. The Punjab Government has hitherto provided for the inclusion in the Histories for that province of information showing (a) the place of education and academical degree, if any, in the case of European and Eurasian officers; (b) caste, tribe, home of the family if in India, and academical degree, if any, in the case of native officers. There is no objection to the inclusion of this information in the Histories for that or any other province in which the Local Government or Administration considers it desirable, but no other additions to the information contained in them should be made without the approval of the Government of India.

NOTES.

- 1. The dates given against appointments are dates of actual taking charge and not those of orders of appointment.
- 2. It is requested that all errors and omissions discovered in the History of Services may be promptly brought to the notice of the Accountant-General, Bengal, with a view to their being corrected in the next edition.
- 3. Production of a literary work by an officer should be communicated to the Accountant-General, Bengal, for insertion in the next issue of the History of Services.
- 4. The information regarding (a) "Domicile," (b) "Religion", and in case of officer of Asiatic domicile (c) "Province of origin," should be furnished to the Accountant-General, Bengal, for insertion in the next issue of the History of Services.
